

Knockout Pest Control

by Rentokil

FACT SHEET - AUSTRALIAN COCKROACH

Latin Name

Periplaneta Australasiae

Description

Approximately 30-35 mm, brown with yellow border around pronotum and yellow racing stripes on the outer edge of the wings

Habits

Hangs out in all the best cockroach scenes like sub floors, roof voids, wall cavities, gardens and on a humid night can even fly in through your windows.

Control Methods

A thorough general pest service to all areas will spell 'doom' for these guys and their American allies!
